

STUDENTS CATCH

HOLD-UP MEN

New York, Feb. 7.—Choked, beaten and robbed by three men and two women in a limousine going up First Avenue about 30 miles an hour, Harold G. Veedor, of Schenectady, N. Y., and James H. Vahey, Jr., of Boston, two former Princeton students, stopping at the Hotel Commodore, instead of notifying the police, turned detectives themselves, with the result that three men were arrested yesterday, one of whom has been identified positively as one of their assailants. All three are charged with highway robbery and will be arraigned in Yorkville Court.

Mr. Vahey is the son of James H. Vahey, a prominent lawyer of Boston, while Veedor is the son of William S. Veedor, a well known merchant, of Schenectady. The youths came to this city last Thursday.

A RAW, SORE THROAT

Eases Quickly When You Apply a Little Musterole.

And Musterole won't blister like the old-fashioned mustard plaster. It just spreads it on with your fingers. It penetrates to the sore spot with a gentle tingle, loosens the congestion and draws out the soreness and pain. Musterole is a clean, white ointment made with oil of mustard. It is fine for quick relief from sore throat, bronchitis, tonsillitis, croup, stiff neck, asthma, neuralgia, headache, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back or limbs, sprains, sore muscles, bruises, chilblains, frost-bitten feet, colds on the chest. Nothing like Musterole for croupy children. Keep it handy for instant use. 25c and 65c jars; hospital size \$3.00.

ments made by the men to the Federal authorities will be turned over to Mr. Whitman.

These men, the Federal agents said, are charged with conducting a scheme to steal cars in various parts of the country, disguising them and then sending them to Europe. One of this band, they added, was a former Brooklyn automobile dealer, while another is a chauffeur from Bridgeport, Conn.

10,000 Head of Elk Missing;

Dead, Lost, Strayed or Stolen

Some 10,000 head of Yellowstone park elk either are dead or are "spoofing" park officials by hiding out. On ranges where thousands have been seen heretofore, only a few have appeared this year, and officials are admittedly worried.

The herd was estimated at 25,000 in 1914, but dropped to 17,000 in 1917, with less than half that number now accounted for. Unless the "alarming" shrinkage can be checked or it is found that the elk favor higher hills in open winters, such as the

THE UNIVERSAL CAR ANNOUNCEMENT!

Mr. Edsel B. Ford, President of the Ford Motor Company, gives out the following statement:

"The price of the FORDSON Tractor has been reduced from \$790.00 to \$625.00, effective immediately.

"This price change has been made possible through lower costs of materials and the fact that we are now located in our new Tractor Plant with greatly increased economic manufacturing facilities in immediate connection with our foundry and machine shops and large blast furnaces where iron is poured directly from the ore, giving us maximum efficiency with the power to reduce cost of production, and down comes the price in line with our policy to market our products at the lowest possible figure without in any way affecting our high standard of quality.

"We are particularly pleased in being able to bring about this big reduction in price at this time because the farmer needs all the help we can give him and this big cut in price will be the means of placing a valuable power unit within the reach of practically every one of them, not to mention industrial and commercial concerns which likewise have benefited through its use and are already realizing, to a much greater extent, its value as a power and hauling unit. But particularly has the FORDSON Tractor proved a most valuable factor in the saving of farm labor, at the same time increasing the per acre crop yield as well as making possible a utilization of previously uncultivated land, to say nothing of removing no end of idleness.

"There is no question that the use of machine power on the farm is the greatest advancement made in the development of agriculture, not only in money saving and once making results, as well as raising the standards of living on the farm to a much higher level, but because of its proved value in making every type of land more productive, and consequently our desire to place the FORDSON within the reach of all.

"THERE IS NO CHANGE IN THE PRESENT FORD CAR AND TRUCK PRICES, which are already at the lowest possible figure and now with rock bottom reached on the tractor price a further reduction in price of either the car, truck or tractor is out of the question; in fact, the big price cuts have been made in anticipation of continuous maximum production and increases may be necessary before long if a large volume of new business is not obtained. Therefore, present prices of Ford products cannot be guaranteed against possible increases."

Ask for the book "The Fordson at Work," which will be supplied free of cost. Let us demonstrate the value of the Fordson on your farm, in your factory, lumber yard, coal yard, or in any general hauling or power work you have to do and let us have your order for a Fordson.
